

Forever, my Hero, my Love

G/A Am Fsus
With the cross upon Your shoulders
G/A Am Gsus
With the crown of thorns on Your head
G/A Am Fsus
You were bleeding for me and saw me
G/A Am Gsus
You knew that this pain would heal me

Forever, my Hero, my Love

Forever, my Hero, my Love

Many people saw Your kindness
But You were alone after all
At the cross You cried to the heavens
Abba Father, Your will be done

Now you reign forever and ever
On the throne in heaven above
Together with the Father and Spirit
Always be the King of my heart
