God of Life

D A Em G
God of Life, draw me closer by Your side
D A Em G
Father of healing, I want to be close to You

D A Em
Your hand lifts me up when I fall
D A Em
Your grace comforts me when I'm near (to You)
D A Em
Your eyes gaze on me with love
D A Em
I worship You, I worship You, I worship You

Jesus my Love, I am in Your presence again
Holy Spirit, teach me to kneel at His feet

Your love surrounds my whole life
Your word helps me to survive
Your throne is here when we lift You up
We worship You, we worship You, we worship You
