

I believe

You hear my prayer
You bend down to listen
So I will pray
As long as I have breath

I believe in You,
I believe You are my God
I believe in You, Yes I believe
Yes I believe
Yes I believe
Yes I believe

You saved me from the death
'my eyes from tears
So I will walk
In Your presence always

Backing delays

No matter what I did I can come back to You always
No matter what I've said You are right there for me, for me

+ backing

I believe in You, I believe You are my God
I believe in You, Yes I believe

Ye-es, I-I, believe_____
